Keep all gates and doors closed upon entering AND leaving an arena.

No dogs in the arenas.

Announce your intent to enter or leave an arena.

Turn out in arenas is allowed only after consulting other boarders in the area, and only if there are no objections. Absolutely no turnout allowed while other horses are in the arena.

Cue quietly. Voice commands, kissing, and smooching should be done quietly so as not to interfere with other riders. Instructors should keep their voices low or use radio devices to communicate with their students so that everyone can enjoy their riding experiences

Be courteous, clear the arena of jumps, cones, poles or any other obstacles after each use.

Mount out of the way of riders.

SAFETY ETIQUETTE

Pass oncoming riders left shoulder to left shoulder. Pass horses going in the same direction as you would in a car. Passing on the left.

Fast moving horses to the outside of the arena, slower moving horses and horses practicing slow or in-place maneuvers to the inside of the arena.

Be courteous to other riders by letting them know what you intend to do, by keeping your movements predictable, and by asking someone when you are unsure of what they are planning to do.

If possible, keep a horse length between you and other horses.

Be aware and extend courtesy to timid riders, those riding young or green horses, and to anyone who appears to be having a problem with their horse.

If you lunge your horse in the arena, make sure your horse is under control so that its behavior does not excite the horses being ridden.

Treat all other riders and horses with respect. Try to get along with everyone.
